

Repowering Business with Renewable Energy

Showcasing how manufacturing and businesses can move to 100% renewable energy

THE FORUM WILL

- Launch the BZE Electrifying Industry report
- Identify how business and industry can save money and reduce carbon emissions with smart and efficient processes, technology and renewable energy
- Show how businesses, including manufacturers, can replace the use of fossil fuels and gas to generate heat differently, through the smart use of renewable electricity
- Explore opportunities for a revival of Australian manufacturing powered by renewables in the coming decade
- Hear from regional businesses and manufacturers who have made the change

Tuesday 26 March

3 PM - 5 PM

**BPACC
53 Samaria Rd, Benalla**
