- BRCC has been approached to provide a central point to set up containers for collection for other recyclable items such as razors, make-up containers, pens, etc.
- Terracycle is a business (free to join) which offers recycling of some items free and others at a cost eg. Glad (free) accepts clean cling wrap, freezer and ziplock bags; these are mailed to Glad using a postage-free label (provided by them).
- **If you are aware of other organisations providing recycling services, please let BSFG know the details so we can update this list - <https://www.bsfg.org.au/contact.html>**
