

Benalla Sustainable Housing Forum

**'Retrofitting Existing Homes
for Energy Efficiency and Thermal Comfort'**

Saturday 13th August, 1 pm to 4.30 pm

at BPACC 57 Samaria Rd. Benalla

Presenter: Lyn Beinat from *EcoMaster*

How to have a comfortable home all year round

**The key principles behind why your home
is too cold / too hot and has huge energy bills**

**Zero cost actions that will reduce your energy bill
and increase your comfort**

**Underfloor insulation. How to get a professional job
done for 1/3 of the price**

**Everything you need to know about retrofit wall insulation
and how to get a great result!**

Heating systems - the good, the bad, the ugly

Q & A Session

Are you getting
**the whole
picture?**
